### **DETAILED ACTION**

1. ***Allowable Subject Matter***

Claims 9-12 allowed and renumbered 1-4 respectively.

The following is an examiner's statement of reasons for allowance:

The prior art of record alone or in combination does not teach, inter-alia, a VMS transmitting a message that includes a telephone number to be called and an identifier marking the position occupied by a subscriber at an interruption of a review of recorded messages in the VMS, then an INE initiating a new call to the telephone number and monitoring the new call for a disconnect signal, and in response to the disconnect signal, a SCP causes the established communication to be routed back to the VMS at the position occupied by the subscriber at the interruption of the review of messages in the VMS using the identifier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
